Update change log

1. Purpose

The purpose of this policy is to promote a sense of belonging, equality, and pride in our school community. Wearing a uniform helps create a focused learning environment and ensures students are dressed appropriately and safely for school activities. School uniform also ensures that parents and carers know what to send children to school wearing which reduces the conflict when dressing for the day. We ask that parents and carers be mindful of the impact of modern day slavery when buying cost effective school uniform. No child will be refused education at the school due to lack of uniform. School uniform is required but is not mandatory.
